

## Introduction

This is a toolkit to support all Services keep people safe from the risk of COVID-19 whilst working. It is a requirement that Chief Officers will complete all sections where either:

- ✓ a service has been stopped and it is proposed to re-instate; OR
- ✓ there is an anticipated change to the way services are to be delivered during current restrictions

If you have previously completed risk assessments for these services, refer to them when completing this document.

The toolkit is set out as follows

1. Inspection Checklist
2. Risk Assessment
3. Action Plan
4. Comms

## Where do you start?

This toolkit is structured to provide a logical thought process to follow where your area of business is changing:

### Step 1 – Complete ACC COVID-19 Inspection Checklist

The inspection checklist will ask you to consider:

- Employees, social distancing and the impact of returning to work
- Travel, Access & Egress
- Cleaning and Hygiene Practices
- Building Safety

The completed inspection checklist will allow you to identify gaps where additional measures may be required.

### Step 2 – Use the findings from your completed inspection form to complete the ACC COVID-19 Risk Assessment

The risk assessment is setup with the same four topics as the inspection form but delves into more detail on how you intend to mitigate the risk of each identified hazard. The information contained within this document is generic and you should tailor the document to be relevant to your service area and take into consideration any specific advice given. We've created a resource list that will allow you to quickly find the information you need from the relevant source.

### Step 3 – Action Plan

Completing the inspection checklist and risk assessment will provide you with a list of different measures that you now need to implement. Now is the time to evaluate the practicality of implementing each measure and to determine how you will take the necessary steps to ensure they're in place.

## Step 4 – Communication

Communication is key and there's a lot of change that your staff need to digest and consider before any change to service provision is implemented. Continuous communication throughout this process will demonstrate that you are putting staff safety at the heart of this process. You must communicate the risks and controls within your risk assessment directly to your staff and ensure that they understand exactly what is required from them and you.

## Step 5 – Review

The information around COVID-19 changes on a frequent basis. The Corporate Health and Safety Team reviews H&S guidance daily and updates the [Stay Safe Whilst Working](#) pages on the Zone. You will need to monitor this plus consider the latest advice and guidance which could impact your business area. The [Scottish Government](#) pages will provide you with the latest links as well as [Health Protection Scotland](#) and [NHS](#).

Below are some useful UK Government links that can be monitored for the latest information.

[Guidance on Social Distancing in the Workplace](#)

[Guidance for Employers & Businesses on COVID-19](#)

[Guidance on Shielding and Protecting Extremely Vulnerable Persons](#)

[Guidance on Protective Measures in Education and Childcare Settings](#)

## COVID-19 Health & Safety Inspection Checklist

The current COVID-19 'coronavirus' outbreak poses a serious risk to individuals and businesses. This inspection checklist assists in identifying the control measures to consider reducing the risk of workplace infections and as part of a proactive monitoring regime and checking that preventative and protective control measures are implemented in line with current health and safety general duties. Please note: This risk assessment is dynamic and will be reviewed on a daily basis.

<b>Service area:</b> Schools
<b>Site Address:</b> Sunnybank School, Sunnybank Road, Aberdeen, AB24 3NJ (Includes Aberdeen School for the Deaf and ASN Service)
<b>Service manager:</b> Chief Education Officer
<b>Inspection Undertaken by:</b> Quality Improvement Team / Head Teacher (Lyndsay Taylor) (Heather Greggs – ASfD) Theresa Bennett (EAL)
<b>Approved by:</b>

<b>Findings of Inspection</b>
Level of compliance should be included in report using a Rag Rating - <b>Green</b> – Full compliance (no action required), <b>Amber</b> - breach identified (remedial action recommended), <b>Red</b> – significant breach (action required)

<b>A: Employees – Consider what impact returning to work would have on your employees and how to keep your employees safe.</b>				
<b>No</b>	<b>Issues</b>	<b>Y/N/NA</b>	<b>Rating R/A/G</b>	<b>Comments</b>
1.	Has a risk assessment been undertaken for those who have a self-declared health condition which could increase their risk profile.	Y	<b>Green</b>	Shielding staff now advised to follow general risk assessments, however they will be considered with any/all positive cases. Individual RA's have been updated and shared.
2.	Have you engaged with Trade Unions and staff during the reinstatement of the work process and in the drafting of this risk assessment to consider work processes and required controls?	Y	<b>Green</b>	Risk assessment is agreed with TUs and in line with SG guidance

3.	Are you tracking people who have been identified as high risk/are shielding.	Y	Green	<p>Core HR is kept up to date by Admin Team and employees  All staff continue to use virtual sign  EAL staff have a daily check in via Google Team Drive.  ASfD have daily check in with SLT  Additional contact is made with individuals to discuss any medical issues and for updates through the RA process  Workforce planning Group to establish City overview and process to manage and maintain  When in receipt of guidance from the clinician/GP the Line manager will review the individual risk assessments with Employee Relations support when required).</p>
4.	Where practicable will staff still be allowed to work from home/remotely.	Y	Green	<p>Teaching staff can still work from home during NCCT, however all staff are working in school.  No EAL members of staff currently shielding.  No members of ASfD staff currently shielding</p>

5.	Can all staff maintain the <a href="#">Scottish Government</a> guidelines for social distancing based on your industry ( <a href="#">The latest Social Distancing Guidelines available here</a> ). These could include but are not limited to the following:	Y	Green	<p>2 m distancing should be maintained between staff, other adults, and between staff and pupils. Classrooms are arranged so that staff can maintain 2 m distancing (e.g. staff workstation 2m from nearest pupil desks). Teacher / staff workstations will be wiped down between each use by different individuals, hand washing facilities / hand sanitiser available.</p> <p>Pupils are no longer required to remain in class bubbles. To mitigate this classes will begin mixing outdoors so that impact can be measured over a few weeks.</p> <p>3 Stagers will still be in place for break/lunch times but children in the playground will no longer be confined to their zones but are free to mix. School for the Deaf children will also be free to mix with Sunnybank pupils in the playground in the first instance.</p> <p>Assemblies are still deemed too high risk so virtual ones will continue.</p> <p>Pupils support groups will also now include children from different classes where deemed appropriate. This includes EAL, SFL, music tuition, RADS etc. A record of these groups and dates will be kept in the event of a positive case.</p> <p>PPE will be provided for all members of staff. PPE masks (fluid resistant) will be always worn when in communal areas (incl. classrooms). Those who are required to come into close contact (within 2 m of a pupil (e.g. for additional support needs, first aid, etc.) will be given full PPE. Masks will be changed regularly:</p> <ul style="list-style-type: none"> <li>• Whenever they are removed e.g. eating/drinking</li> <li>• When working or in an area with different people</li> <li>• When moving from one area of the school to another</li> <li>• Disposal of PPE should be done safely. Staff will use the hazard bags provided.</li> </ul> <p>ASfD – as above. NB. Due to changes in PPE guidance around clear visors, ASfD staff will wear ACC standard issue face masks where PPE is required – this can be either standard issue face masks or Deaf Friendly ‘Clear Mask’ which has been approved as Fluid Resistant by ACC/the manufacturer.</p> <p>All staff who are supporting learners and are within 2m of young people for any length of time <b>must</b> ensure that they wear a fluid resistant face mask.</p> <p>Staffroom altered and numbers limited to take account of social distancing. Staff will need to bring their own food and drinks.</p>
----	--	---	-------	--

				All staff supporting pupils in the dining hall or gym hall at lunch times should wear full PPE. This will be changed between sessions.
5a	Are you able to segregate staff's activities to promote 2 metres distance?	Y	Green	See 5. above.
5b	Are you able to limit the amount of contact staff have with each other to 15 minutes or less	N	Green	Additional staffrooms have been created with maximum capacities. Seating is arranged to allow for 2m distancing. Windows are also open to allow for ventilation
5c	Are you able to implement a one way flow system and provide visual aids (e.g. distancing markers, signage, flow system markers) for maintaining two metres distance.	Y	Amber	A 'Keep left' system will be used for movement through the school. All corridors are >2m wide and will be kept clear to support this. Floor markings, signage and staff will support pupils to follow guidance. The senior stairs will have a traffic light system and waiting areas will be marked at the top and bottom. The middle stairs will also have these but in addition will have a passing place marked. ASfD will adapt a keep left system in line with Sunnybank's procedures. Floor markings and ASN specific wall signs will support pupils to follow procedure.
6.	Have staff been trained / notified before returning to work on any new procedures.	Y	Green	Handwashing PPE Social Distancing Movement around the school Training to be completed by all staff before opening Testing
7.	Have staff been instructed on how to hand wash effectively, for the suggested duration and maintain good hygiene practices.	Y	Green	As above Ensure signage is available at all hand wash stations
8.	Have staff been instructed on social distancing where practicable while at work.	Y	Green	See 5. above.
9.	Have staff been trained on what to do if they are experiencing COVID-19 symptoms.	Y	Green	Reissued within Risk assessment and PPE Guidance during staff training

10.	Have staff been instructed to minimise business related travel and use video chat as an alternative method of maintaining contact with colleagues, suppliers and customers.	Y	Green	<p>Staff are free to make their own choices about travelling to work. If using public transport or car sharing the appropriate safety advice has been issued: wearing of face masks and opening windows if possible.</p> <p>SLT/MAMs meeting using Teams – and with central officers. Staff meetings are held on Google Classroom As above</p> <p>Limitations on staff movement between schools – updated risk assessment allows staff to be in 2 schools per day where required.</p> <p>The ASN &amp; Outreach Service have introduced a separate digital (QR-code) sign-in/out for anyone visiting and/or working in this area. All staff/visitors entering this area <b>must</b> sign-in/out using the codes at the community “fobbed door” or the central stair access door.</p>
-----	---	---	-------	--

**B: Travel, Access & Egress – Consider how your employees will travel to work, travel for work, access and exit work safely.**

No	Issues	Y/N/NA	Rating R/A/G	Comments
1.	Are you able to implement sufficient parking restrictions to maintain social distancing measures, where car use is required to perform a role?	Y	Green	Reminder to HSLO if return to normal duties are implemented. School staff will greet children at the front door to prevent escorts entering the school building.
2.	Are workers required to use either their own vehicle or company vehicle to travel to their task?	Y	Green	Pupil Escorts are required to travel in company vehicles when bringing pupils to school. Further guidance is being created by the Transport team and will be shared with SLT and staff before August. Schools to adopt car park protocol - all reverse parking to limit exiting cars at same time
3.	Are workers avoiding public transport where applicable and using alternatives (e.g. cycling, walking to work etc).	Y	Green	Where possible

4.	Have you considered staff that are required to vehicle share for their role and whether this could continue?	Y	Green	As per Scottish Government Guidance, no social distancing is required on dedicated school transport. Parents/Carers are responsible for ensuring all children, travelling on school transport, sanitise their hands prior to boarding. Reminder messages will be sent weekly to parents. Schools will ensure that pupils sanitise on entering the school building. Pupil escorts, and drivers will wear face coverings during transport and vehicles will be well ventilated. <b>Pupils are no longer required to wear face coverings on school transport.</b>
5.	Has the entry and exits to the building/site been limited to the minimum number of points required.	Y	Green	<b>P1-P7 will continue to access the school through the same 3 entry point, staggered start/break/lunch/finish times will reduce interactions.</b> Playground markings will also support this. Transport pupils and ASfD pupils will access the building through the front door and then are part of the staggered system for breaks and lunches. Nursery pupils (AM) will access the nursery through the playground. PM pupils will enter through the front door (to avoid school lunches) and leave through the playground. ASN & Outreach staff will enter via the Sunnybank Community Centre entrance and out with pupil drop off/ pick up times. They will sign-in/out as above. Staff attending to collect/exchange resources should agree this with the Head Teacher, in advance, to ensure 2m distancing can be maintained throughout the visit.
6.	Has access to the building/site been restricted to visitors and contractors etc.	Y	Green	<b>There is no longer an appointment system for tradesmen to the school building. They etc are free to attend when required and a contact record will continue to be kept. Visitors will continue to be by appointment and only if essential. This will also apply to any HSS teacher who needs access to essential files etc kept at ASfD.</b> Emergency contractors, as above and when learners are not in attendance where possible. For ongoing planned construction works Corporate Landlord and Capital will work with contractors to ensure appropriate mitigation is in place such as sites physically separated from rest of building and contractors use separate entrances etc. Other essential visitors only where the impact of non-attendance would cause further harm (e.g essential maintenance contractors, Educational Psychologist) An outdoor reception area is available to support any visitors that do arrive.

7.	Is it practicable to confine visitors to strictly defined areas and avoid unnecessary movements around the building?	Y	Green	<p>The front garden will be used as an outdoor reception area whenever possible. The school phone number will be displayed on the door to allow communication with the office team. Virtual meetings will be used wherever possible.</p> <p>Any pre-arranged visitor will only be admitted into the reception area. ASfD will follow the same policy with school phone number noted on the front door to allow for direct communication with ASfD Administrator. ASN &amp; Outreach visitors will do similar with direct communication maintained by the Administrator.</p> <p>Parents will be asked not to enter the building. If they need to speak to a member of school staff, they should telephone or email in the normal way. All visitors to arrange appointments and sign in/out and leave contact details (reception staff/school administrator to take visitor details for Test and Protect purposes and to reduce risk of virus transmission). Where it is essential that a visitor attend the school, such as a parent / carer collecting an unwell child, the parent will not be admitted to the school foyer and can collect their child from the school front door. Signage will be displayed at school visitor entrances to explain that visitors are generally not permitted, and a telephone number will be provided for visitors to contact a member of office staff within the building should they wish to speak with someone or have an appointment to visit the school. If a visitor has an appointment to access the building, they will be asked first to confirm that they are not displaying COVID-19 symptoms. Those displaying symptoms will not be permitted access. Where possible, visitors permitted access will remain within the reception area of the school and speak with the relevant member(s) of staff via the School Office window. In emergency situation a parent will be granted access, this will be recorded on the visitors log and they will be supported by a member of staff at 2m distance.</p>
8.	Have appropriate hand wash stations (toilets) and/or hand sanitiser pump action containers been made available in every work area and on main travel routes through the building/site including access and egress areas.	Y	Green	Procurement of Hand Sanitiser and Cleaning materials
9.	Is advisory hand washing signage displayed throughout the building/site, especially at entrances and exits and were people congregate.	Y	Green	Posters are displayed throughout the school.

10.	Are the signs displayed reviewed and replaced as necessary?	Y	Green	Weekly check to be added to risk assessment for signage. Janitors to replace signage where necessary – janitors will require access to school printing facilities for this
-----	---	---	-------	--

**C: Cleaning Regime – Consider what cleaning and hygiene measures need to be implemented to reduce the risk of individuals contracting the virus on your premises / site.**

No	Issues	Y/N/NA	Rating R/A/G	Comments
1.	Have you completed a clean of the property / site before returning?	Y	Green	Most schools, other than those which were used for Keyworker Childcare or Vulnerable Learner Hubs, have laid empty since 23 March. Initial cleaning is in progress to ensure buildings are fit for small groups of staff to return and a full deep clean will be undertaken prior to pupils return on 11 August.
2	Is the ongoing cleaning frequency sufficient and is cleaning required and can cleaning be undertaken when site/building/premises is occupied?	Y	Green	Daily cleaning will be undertaken by Cleaning Services, supplemented by Janitorial staff undertaking regular cleaning of frequent hand touch points during the school day. All surface cleaning will be undertaken using EN14476 rated (for destroying enveloped viruses) disinfecting solutions. A record of Touchpoint cleaning will be shared daily with the central team.
3.	Are all hand contact points cleaned on a frequent basis including, door furniture, handrails, IT equipment, desks, phones, flush plates, taps, dispensers, toilets, canteen / food preparation areas.	Y	Green	In addition to the answer in 2 above, discussion is ongoing at the School Readiness for Reopening Group to determine who will clean IT equipment, toys and other resources. Items which cannot be effectively disinfected between uses will be temporarily taken out of use.
4	Have persons undertaking the cleaning been instructed with clear safe usage instructions.	Y	Green	All FM staff are trained in the safe methods of work for activity within their service areas. COVID-19 specific risk assessments have been completed and shared with all staff. Supplementary service specific FAQ's have also been prepared and shared with staff upon their return to work.
5	Can where practical curtains and blinds be removed to minimise the areas where viruses can be difficult or time consuming to remove.	N	Green	Class teaches will be the only staff member to touch the blinds in each of the classrooms. Blinds in the other areas of the school should not be touched without firstly washing or sanitising of hands. ASfD staff: as above.
6	Can blinds be kept opened and locked if they cannot be removed.	N	Green	As above
7	Can rugs and mats be removed where safe to do so to make cleaning and disinfection of floors easier.	Y	Green	Soft furnishing can now be returned to classroom, these will be removed for cleaning in the event of a positive case.

8	Have staff been provided with appropriate cleaning products so that they can frequently clean their work stations during the day.	Y	Green	Products to be ordered by individual schools. Facilities Management to assist in storing and replenishing appropriate cleaning materials.
---	---	---	-------	---

**D: Building Safety – Responsible Person Checks – Consider how you ensure your building remains safe for all employees and visitors.**

Guidance on a suitable inspection can be [found here](#).

No	Issues	Y/N/ NA	Rating R/A/G	Comments
	<b>Has your responsible person carried out checks on your building in the following areas:</b>			
1.	Fire Safety Systems / Emergency Lighting.	Y	Green	Corporate landlord will confirm to individual head teachers when all checks up to date. Prior to this staff access to building restricted to daytime hours only, max 4 people (primary schools) / 8 people (secondary schools) for no more than 2 hours each day, and only for specific recovery planning purposes. Confirmed 2.7.20
2.	Ventilation / Humidity / Lighting & Heating.	Y	Green	Corporate landlord will confirm to individual head teachers when all checks up to date. Prior to this staff access to building restricted to daytime hours only, max 4 people (primary schools) / 8 people (secondary schools) for no more than 2 hours each day, and only for specific recovery planning purposes. Confirmed 2.7.20
3.	Gas Installations.	Y	Green	Corporate landlord will confirm to individual head teachers when all checks up to date. Prior to this staff access to building restricted to daytime hours only, max 4 people (primary schools) / 8 people (secondary schools) for no more than 2 hours each day, and only for specific recovery planning purposes. Confirmed 2.7.20

4.	Legionella Controls.	Y	Green	Corporate landlord will confirm to individual head teachers when all checks up to date. Prior to this staff access to building restricted to daytime hours only, max 4 people (primary schools) / 8 people (secondary schools) for no more than 2 hours each day, and only for specific recovery planning purposes. Confirmed 2.7.20
5.	Routine Inspections e.g. Local Exhaust Ventilation, Lifting Equipment and Pressure Systems and Equipment Maintenance.	Y	Green	Corporate landlord will confirm to individual head teachers when all checks up to date. Prior to this staff access to building restricted to daytime hours only, max 4 people (primary schools) / 8 people (secondary schools) for no more than 2 hours each day, and only for specific recovery planning purposes. Confirmed 2.7.20
6	Lift Statutory Inspections.	Y	Green	Corporate landlord will confirm to individual head teachers when all checks up to date. Prior to this, lifts are not to be used. Staff access to building restricted to daytime hours only, max 4 people (primary schools) / 8 people (secondary schools) for no more than 2 hours each day, and only for specific recovery planning purposes. Confirmed 2.7.20

## COVID-19 Health & Safety Risk Assessment

HAZARD	AT RISK	CONTROL MEASURES	PROBABILITY WORST CASE OUTCOME					
			EXISTING/ PROPOSED 'E' or 'P'	Possible Outcome	Likelihood	Risk rating: High Medium Low	Proposed Timescale	Action Completed Date/Initial
<b>Consider:</b> premises work, equipment, specific tasks etc.	<b>People at risk</b>	<b>Control By:</b> guards, training, supervision, safety equipment, safe working procedures, hygiene monitoring etc.						
<b>Section 1: Employee Safety</b>								
Psychological well being	Staff	<p>Workplace/controls which are in place to reduce risk of exposure to COVID 19 are documented in procedures and policies and disseminated to employees through line managers and HR. Additional copies are placed on the staff Google Drive and paper copies are sent to those with no access.</p> <p>Line managers are aware of how big changes to working arrangements may cause additional work-related stress and affect their employees' mental health and wellbeing.</p> <p>Staff are also aware of ACC supports through People Anytime, Time for Talking and OH, these can also be sign-posted by HT or by clicking <a href="#">here</a>. Nurture staff also monitor staff well-being and discuss any concerns with SLT.</p> <p><i>Staff will have opportunities everyday for feedback and informal discussion. Regular digital meetings will also be in place (with appropriate distancing measures).</i></p> <p>Concerns on workload issues or support needs are escalated to relevant DHT/HT. SLT maintain positive links with union reps to further support this.</p> <p>Managers are trained to recognise signs and symptoms that a person is working beyond their capacity to cope and deal</p>	P	Major	Possible	Medium	Aug 2020	Completed LT and HG 10.8.20

HAZARD	AT RISK	CONTROL MEASURES	PROBABILITY WORST CASE OUTCOME					
			EXISTING/ PROPOSED 'E' or 'P'	Possible Outcome	Likelihood	Risk rating: High Medium Low	Proposed Timescale	Action Completed Date/Initial
Consider: premises work, equipment, specific tasks etc.	People at risk	<b>Control By:</b> guards, training, supervision, safety equipment, safe working procedures, hygiene monitoring etc.						
Psychological wellbeing cont.	Staff	sensitively with employees experiencing problems outside of work.  Staff who are in vulnerable groups themselves or caring for others are encouraged to contact their line manager to discuss their support needs. Staff have been proactive in doing this. Individual RAs have been agreed and staff will update line managers if any changes are required.  Employees are made aware of the impact of COVID 19 on their job/change of working environment.						
Psychological wellbeing cont.	Pupils	Email, Google Classroom and telephone calls are the main method of contact with individual parents/carers.  First aiders are on site at all times as per required ratios  A Child Protections Officer is available at all times. If the HT is not available, then the DHT will deputise.  ACC policies adhered to at all times  Staff working with children will continue to be calm, nurturing and caring, seeking confirmation from line manager if unsure of anything	E	Moderate	Likely	Medium	June 2020	Completed LT and HG 10.8.20
Virus transmission in the workplace	Staff, visitors, contractors , pupils	<u>Personal Health</u> Any employee/service user showing symptoms of Covid-19 or sharing a house with someone with Covid-19 should remain at home as per the government's guidance. Test and Protect see link below <a href="https://www.gov.scot/publications/coronavirus-covid-19-test-and-protect-information-leaflet-2/pages/coronavirus-covid-19-test-and-protect---step-by-step-guide/">https://www.gov.scot/publications/coronavirus-covid-19-test-and-protect-information-leaflet-2/pages/coronavirus-covid-19-test-and-protect---step-by-step-guide/</a>	P	Extreme	Possible	High	June 2020	Completed LT and HG 10.8.20

HAZARD	AT RISK	CONTROL MEASURES	PROBABILITY WORST CASE OUTCOME
